Translation Note:

In Japanese there are three different writing systems used. One of them, katakana, is usually only used when writing foreign words or when you want to say something with a bit of an impact. The impact part is never used in proper speech/writing. Usually when speaking normally, you use hiragana and kanji. For Yasuyuki, random characters of hiragana were replaced with for katakana. For example, if the word was hajimemashite, normally, it would be changed to hajimeMASHITE, with the capital letters being katakana. In order to replicate this in English, random letters were capitalized to distinguish an oddity in his speech.

What did they believe, in order to exist there...? What is this relationship...?!

NICE TO MEET YOU...

bow

THIS IS MY SON, YASAYUKI.

I HOPE YOU TWO GET ALONG, NAGA-NO-SAN.

OH...

YES.

At the time,

I noticed her son's pallor was much more sallow than her own,

as if he was the one with the serious illness.

While it gave me a sense of unease, I didn't particularly care...

...at the time.

Three months ago, I suddenly collapsed and was admitted to the hospital.

They told me I had a blood irregularity, and if left alone, it would be fatal.

NOBODY'S COMING, HUH...

exhale

And to top it all off, my girlfriend, claiming loneliness, cheated on me. We broke things off rather horribly about a week ago.

I don't have parents, and since my stay in the hospital was to be long term, the colleagues I thought were my friends gradually stopped visiting.

WHY NOW, OF ALL TIMES?!

WHY DID YOU BETRAY ME?!

THAT ISN'T THE POINT!

THAT MAKES NO SENSE! DON'T ACT LIKE I HAVE THE SAME STRENGTH AS YOU!

HUH?!

YOU HIT ME FIRST!

...HOW DARE YOU! HOW COULD YOU PUT YOUR HANDS ON A WOMAN!

...PLeASe bE qUIet.

mY MOtheR Is SleEP-Ing.

nAGAno-San,

THIS ISN'T SOMETHING THAT SHOULD BE PUBLIC KNOWLEDGE, AFTER ALL...

Al-though ...

NO WAY! HOW HOR-RIBLE!

escape

That help-

INITIALLY, I THOUGHT IT WAS AGAINST HIS WILL,

IT GAVE ME THE CHILLS.

BUT IF THAT'S THE CASE, HE SHOULD'VE RESISTED A BIT MORE...

I DON'T UNDERSTAND PUBERTY...

I thought for a split second that he stabbed him.

IT SEEMS THAT DR. TACHIKAWA JUST HAD ANEMIA.

HE'S BEEN FEELING UNDER THE WEATHER LATELY.

...ARE YOU SURE HE DOESN'T HAVE THE SAME SICKNESS AS ME?

Haha

WHAT IN THE WORLD WERE YOU THINKING?

DON'T SAY STUPID THINGS! HURRY UP AND GIVE ME YOUR CIGARETTES!

ESCAPING FROM YOUR ROOM.

WHAT IF YOU SHORTEN YOUR LIFESPAN BECAUSE OF THIS?

MS. NURSEMAID, YOU'RE SO BLUNT...

CAN'T YOU SAY THINGS A BIT MORE NICELY?

NO WAYYYY.

I'LL BE TAKING THESE, TILL YOU'RE DISCHARGED.

THAT'S "NURSE" TO YOU.

SHE WAS GETTING A CHECK-UP, THE LAST TIME I SAW HER...

...I SEE.

AND HER SON? I SAW HIM COMING HERE A WHILE AGO.

HER SON?

OH.

WHERE'S KANOU-SAN?

...

WELL, HIS UNIFORM...

OH, THE WAY HE TALKS...?

THAT EMBLEM IS SOMETHING I'VE NEVER SEEN AROUND HERE.

FLINCH

BUT, HE IS A BIT OF A STRANGE KID, HUH?

...

Hoho

OH GEEZ, THAT'S HER GRANDSON!

KANOU-SAN IS OVER SIXTY YEARS OLD. SHE HAS SLIGHT DEMENTIA.

I know getting myself involved anymore is a bad idea, but...

Without a doubt,

there is something wrong with that kid.

Yeees

Make sure you rest!

COSPLAY! THAT'S ALL THE RAGE NOW!

COULD IT POSSIBLY BE, "THAT"?

...

Hohoho

No, it's not really that popular...

This might be partially due to the frustration of my impending death.

but I can't seem to throw away my curiosity

When I asked, it seemed that Kanou-san had no relatives,

and the picture of her and her son was taken thirty years ago.

I WONDER IF HE MEANT THIS...

I feel like I'm getting into nothing but trouble,
